RE: Mr. Zach Friedensohn

To Whom It May Concern:

I've personally known Zach Friedensohn for just over 6 years. In all my personal dealings with Zach, I have found him to be engaging, truthful, and a person of trustworthy character.

On a business level, our company has utilized Zach's company, G & R Construction Services, for the oversight of approximately 45 projects. We continue to work with Zach due to his ability to consistently deliver completed projects within the outlined time frames and budgets. Zach has always been upfront and honest about what can and cannot be done.

Should you need to reach me, or need any further supporting documents, please do not hesitate to contact me.
